and

DEPARTMENT OF GEOGRAPHY & DISASTER MANAGEMENT
TRIPURA UNIVERSITY
(A Central University)
Suryamaninagar, Tripura

Sponsored by

Ministry of Women and Child Development
Government of India

BACKGROUND

Gender budgeting has been internationally recognized as a key tool for empowering women by incorporating gender perspective and concerns at all levels and stages of development planning, policy, programmes and delivery mechanism. Government of India has adopted budgeting for gender equality as a mission statement and is widely disseminating tools and strategies across ministries and departments. The importance of gender budgeting has been stressed time in different forums. Gender Budgeting refers to a method of looking at the budget formulation process, budgetary policies and budget outlays from the gender lens. Gender Budget, with regard to the government at any level, does not refer to a separate budget for woman, rather it is an analytical tool which scrutinizes the government budget to reveal its gender-differentiated impact and advocate for greater priorities for program and schemes to address the gender-based disadvantages faced by women. In fact, gender budgeting, as an approach, is not confined to government budgets alone; it also includes analysing various socio-economic policies from the gender perspective.

Under that background NIRDPR-NERC is proposing to organise 3-days state level training workshop programme with the following objectives -

OBJECTIVES

1. To review the rationale of the gender budgeting as a tool for Gender Equality and also to discuss strategic framework of gender budgeting activities,
2. To examine the policy initiatives, programmes, schemes and projects for gender mainstreaming and gender inclusive development in India,
3. To discuss the tools of gender budgeting at state level and also share experiences of different states.
4. To examine the problems, constraints and difficulties in gender budgeting at different levels.
5. To discuss the role of various stakeholders and key players in gender budgeting.
6. To examine the scope of gender budgeting in different sectors of economy, particularly in departments and ministries of centre and state governments.
7. To suggest measures for empowering women and gender budgeting exercises.
