Two Day's National Webinar on
“**Emphasis of Scientific and Pedagogical Approaches
towards Indian Sports at Grassroot Level**”

(26th & 27th April, 2022)

TRIPURA UNIVERSITY

TRIPURA UNIVERSITY

Organised by:

Department of Physical Education
Tripura University
(A Central University)
Suryamaninagar Tripura, PIN 799 022

Website: www.tripurauniv.in E-mail: hod_phyeducation@tripurauniv.ac.in

MESSAGE FROM THE CHIEF PATRON

Excellence in sports performance depends upon the passionate implementation of scientific coaching programs from the grassroot level with the support of multiple sciences. India is not far behind the other leading countries as we were seen in the past decades. The Government of India along with National Sports Bodies and State Governments are working hard to take out the best available support from these sciences and their research innovations. Indian is still a developing nation in terms of Olympic performance and improving by leaps and bounds. This is the high time to take major and innovative steps to accelerate the athletes' performance in every sports field and nurture them from the elementary level. This webinar will surely help us to explore more in this area.

DEPARTMENT OF PHYSICAL EDUCATION

The Department of Physical Education established in the year 2011 with an objective to produce good academic leaders in the field of Physical Education and making quality professionals for school, college, university along with government and private organisation. At present the department is offering Master Degree (M.P.Ed) and Doctor of Philosophy in Physical Education.

ABOUT THE WEBINAR

A large percentage of youth in the world has been engaged in various sport activity and are also being encouraged to take it as their profession. Excellence in professional sports is highly dependent on coaching and training with scientific and modern pedagogical approaches. This approach needs to be implemented from grassroot level. This webinar will try to explore the effectiveness of sports policies, scientific innovation in sports, systematic coaching programme and their implementation over the grassroots level.

SUB – THEMES

1. Application of various sciences in sports and athletes performance
2. Use of innovative training methods for grassroots to elite athletes
3. Pedagogical techniques in sports and physical education
4. Use of Psychology in athletes performance
5. Sports policy and schemes in India
6. Sports facilities and infrastructures
7. Application of ICT in sports and physical education
8. Vedic style of practicing physical activities in India
9. Past to present scenario of sports in India
